Introduction

This remote control is designed to operate all Matsui and Scientific Atlanta digital set top boxes (STBs) and DTV, plus the majority of TV, VCRs, DVDs and Audio equipment manufactured as shown below.

CABLE: Cable Converters / TV / DVD
STBs: DTV, STBs, VCRs, and TV/DVD Receivers / DVRs

Before you program or operate this remote control, make sure you have read the battery replacement section on page 2.

2 Replacing Batteries

Before you program or operate this remote control, make sure you have read the battery replacement section on page 2.

3 Operations

There are three ways you can program your remote control:

* Quick Set Up Method

The Quick Set Up Method is a unique new feature that enables you to setup all the buttons at once by entering 3-digit code numbers that correspond to a particular Component's manufacturer's code (if the fastest and easiest set-up method). (Code Tables are on the backside of this Instruction Sheet). The Auto-Search Mode scans through all the codes in the remote control, one at a time.

The Pre-Programmed 3-Digit Code Method allows you to setup all the buttons at once by entering 3-digit code numbers that correspond to a particular Component's manufacturer's code (if the fastest and easiest set-up method). (Code Tables are on the backside of this Instruction Sheet). The Auto-Search Mode scans through all the codes in the remote control, one at a time.

A. Quick-Set-Up Method

1. Turn on the Component you want to program, turn on the TV.
2. Program the Component's remote control, and turn off the TV.
3. The Component LED will light for 3 seconds indicating the unit is ready to be programmed.

4 Button Functions

STEP 1: Press the Component's remote control, and turn off the TV.
STEP 2: The Component LED will light for 3 seconds indicating the unit is ready to be programmed.
STEP 3: Press the Component's remote control, and turn off the TV.

cable remote control

UR4U-MDVR-CHD2

For 4-Function Audio Receivers and DVRs, etc.

AUX: DVDs, TV/DVDs, VCRs and TV/VCRs

1. Vol: Volume Up and Down
2. Ch: Channel Up and Down
3. Mute: Mute button

B. Pre-Programmed 3-Digit Code Method

STEP 1: Press the Component's remote control, and turn off the TV.
STEP 2: Press the Component's remote control, and turn off the TV.
STEP 3: Press the Component's remote control, and turn off the TV.

C. Auto-Search Method

STEP 1: Press the Component's remote control, and turn off the TV.
STEP 2: Press the Component's remote control, and turn off the TV.
STEP 3: Press the Component's remote control, and turn off the TV.
