### UNITED STATES FCC COMPLIANCE

**Note:** This device has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy. If not installed and used in accordance with the instructions, it may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the manufacturer or an experienced radio/television technician for help.

Any changes or modifications not expressly approved by Scientific-Atlanta could void the user’s authority to operate the equipment.

**Repackaging Information:**

The information provided in the FCC Declaration of Conformity paragraph below is a requirement of the FCC. It is intended to comply with the regulations of the FCC. The phone number provided is a contact number for FCC-related questions only and not intended for questions regarding the operation or installation of the device.

### FCC DECLARATION OF CONFORMITY

This device complies with Part 15 of FCC Rules. Operation is subject to the following two conditions: 1) the device may not cause harmful interference, and 2) the device must accept any interference received, including interference that may cause undesired operation.

### CANADA EMI REGULATION

This Class B digital apparatus complies with Canadian ICES-003. Cat appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

### SOFTWARE AND FIRMWARE USE

Scientific-Atlanta, Inc. owns copyrights to the software described in this document and furnishes the software to you under a license agreement. You may only use or copy this software in accordance with the terms of your license agreement.

Scientific-Atlanta, Inc. owns copyrights to the firmware in this equipment. You may only use or copy this firmware in which it is pre-installed. Reproduction or distribution of this firmware, or any portion of it, without the express written consent of Scientific-Atlanta, Inc. is prohibited.

**ACCESSORIES WARNINGS**

**Avoid electric shock and fire hazard! Do not overload electrical outlets, extension cords, or integral convenience receptacles as this can result in electric shock or fire.** Do not expose this product to rain or moisture. Do not place objects filled with liquid, such as vases, on this product. Never push objects of any kind into this product through openings as they may cause a risk of electric shock or fire. Do not expose this product to liquids or moisture. Do not place this product on a wet surface. Do not spill liquids on or near this product. Do not use this product near water (such as a bathtub, wash bowl, sink, or laundry tub), in a wet basement, or near a swimming pool.

**ACCESSORIES WARNINGS**

**Avoid any potential for electric shock or fire. Do not use accessories with this product unless recommended by your cable service provider.**

**SERVICE WARNINGS**

**Avoid electric shock! Opening or removing the cover may expose you to dangerous voltages. This product contains unused/available parts. Refer all servicing to qualified service personnel.**

Do not operate this product. If you open the cover, your warranty will be void. Refer all servicing to qualified service personnel. Contact your cable service provider for instructions.

**OBTAINING SERVICE FOR PRODUCT DAMAGE**

For damage that results from connecting this product from the AC outlet. To ensure the reliability of this product, do the following:
- Do not block or cover these openings.
- Do not place electronic devices (such as VCRs or DVDs), lamps, books, vases, with liquids, or other objects on top of this product.
- Do not place this product in any of the following locations:
  - On a bed, sofa, or table surface
  - Near heat sources such as radiators, heat registers, stoves, or other appliances (including amplifiers) that produce heat
  - In an enclosed space, such as a bookcase or desk, unless the installation permits proper ventilation.

**AVOID SCREEN BURN-IN!**

Images such as letterbox bars or side bars, bright caption-blocking backgrounds, static or any unchanged images may cause the HDTV screen to age unevenly and cause damage to your HDTV. Refer to the user’s guide that came with your HDTV for more information about screen burn-in.

**COMPUTER Warnings**

**Avoid electric shock and fire hazard!** Do not use accessories with this product unless recommended by your cable service provider.

**SERVICE WARNINGS**

**Avoid electric shock! Opening or removing the cover may expose you to dangerous voltages. This product contains unused/available parts. Refer all servicing to qualified service personnel.**

Do not open the cover of this product. If you open the cover, your warranty will be void. Refer all servicing to qualified personnel. Contact your cable service provider for instructions.
